Learning design and educational content

Develops and reviews educational content for higher education, including lesson scripts, activities and question banks. Brings online teaching and academic coordination experience, with training in hybrid learning design.

Experience

Educational content writer — VG Educational

- Produced and reviewed e-books, lesson scripts, activities, question banks and teaching plans for higher education.
- Developed educational content in IT, data science, digital games, design, marketing and communication.

Academic coordination — FAM Online

- Prepared and delivered online classes and activities, monitored learning and reviewed course content and documentation at FAM.
- Coordinated IT course activities, reviewed course documentation and followed up on teaching with a multidisciplinary team.

IT instructor — Centro Universitário FMU | Jan 2018–Jan 2023

- Supported postgraduate programme coordination through course plans, content review and operational procedures; served as the coordination focal point.

Credentials

O caminho da ideia ao curso - experiências de aprendizagem híbridas — Sofia Educação e Tecnologias | 2022, 60 hours

- Continuing education in designing courses and hybrid learning experiences.

Education

Master's degree (Brazilian Mestrado) in Management and Development of Professional Education — Centro Estadual de Educação Tecnológica Paula Souza, Brazil | 2016–2017

Postgraduate specialization in Digital Games — Centro Universitário FMU, Brazil | 2015–2016
